Fiscal Analysis

ASSUMPTIONS:

1. The State Auditor would not have oversight of mental health managed care until the current contract is renewed, amended, or breached.
2. The State Auditor's Office would require 3.00 FTE and related costs to implement the provisions of this bill. The FTE would be 1.00 program manager (grade 17), 1.00 market conduct specialist (grade 16), and 1.00 compliance specialist (grade 14).
3. Under the oversight of the State Auditor, the contractor for the mental health managed care program would have to meet the requirements of a start-up financial exam in FY 2000 and a financial exam and market conduct study in FY 2001, with the later accounting for \$80,000 of the operating expenses.
